DALITE Q7 - Two Sample Inference. Due November 7, 2018 by 5pm.

EPIB607 - Inferential Statistics[a]

This DALITE quiz will cover two sample inference. This builds on the one sample inference we have seen so far.

Two sample means

Marking

Completion of this DALITE exercise will be availble to us automatically through the DALITE website. Therefore **you do not need to hand anything in**. Marks will be based on the number of correct answers. For each question you will receive 0.5 marks for getting the correct answer on the first attempt and an additional 0.5 marks if you stick with the right answer or switch to the correct answer after seeing someone else's rationale. Recall that access to your assignments is managed through tokens sent to your e-mail address. You will be sent a new link everytime a new assignment has been posted.
